PANORAMA WELLNESS RESORT ★★★★★

SUMMER 2026

A summer that lingers

When the sun bathes the Dolomites in warm light and the days feel light and endless, a special time begins. A time to breathe. To reconnect. To simply be. Surrounded by majestic nature and embraced by genuine hospitality, summer at the Alpen Tesitin unfolds – quiet, intense and filled with lightness.

Here, the vastness of the Alps meets enveloping comfort, creating a holiday home that leaves space for authentic experiences. For moments that resonate deeply. For memories that remain.

Patrick with Elisa, Paul and Sophia
and our AT team

Lightness

Light. Free. Clear.

When summer offers boundless horizons

Golden sunlight on your skin, your gaze wandering across lush meadows and majestic peaks – summer at the Alpen Tesitin feels like freedom. Here, the clock fades, and the moment lingers. Whether a quiet pause in nature, a culinary indulgence or a mindful break.

Floating

Breathe. Drift. Let go.

Water carries, water embraces, water grants freedom. A deep breath, the gaze drifts across the mountain horizon, as warmth and freshness gently alternate. In the pool, thoughts soften and the moment becomes clearer.

Here, space is made for lightness – between sky, water and the feeling of being completely yourself.

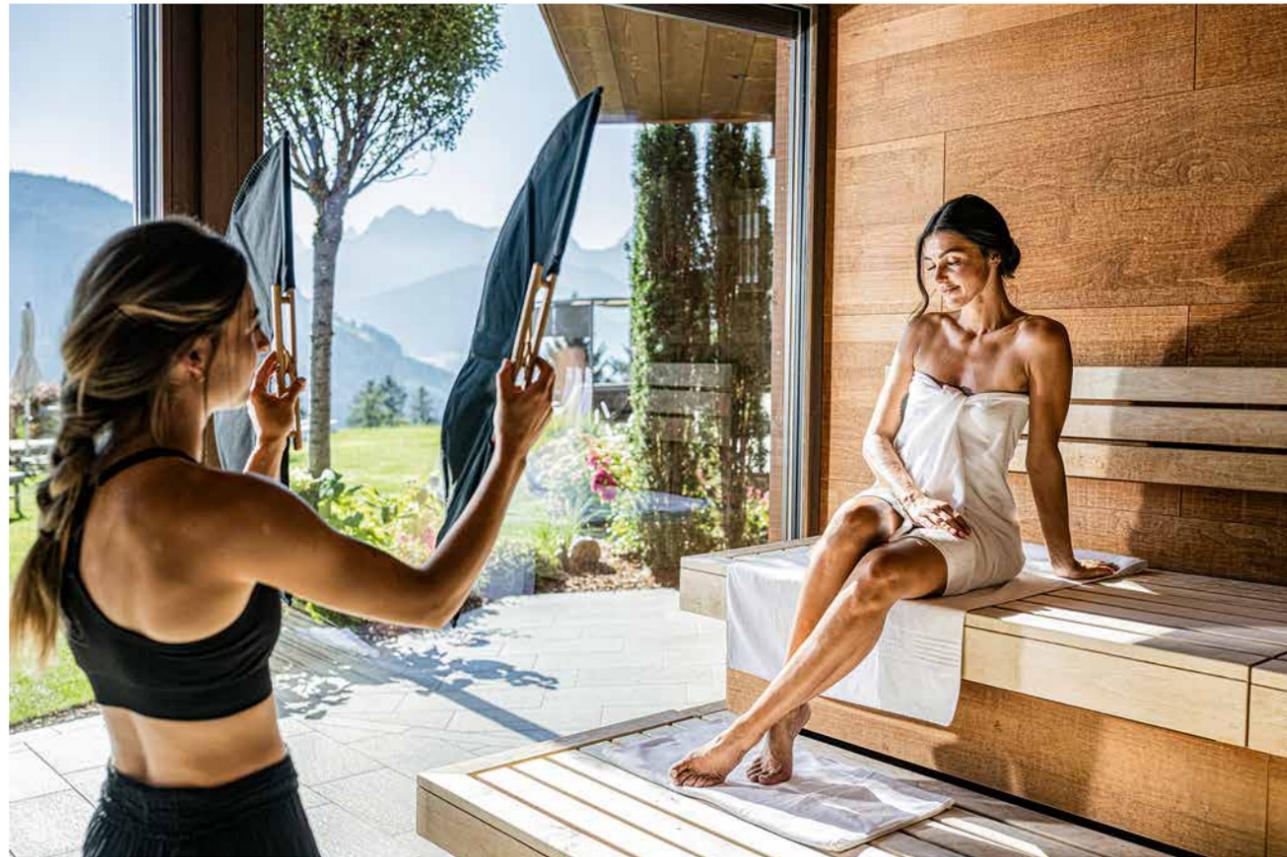

Pools

Sunrays on your skin, mountain views in front of you – the infinity pool (20x9 m, 32 °C) is the perfect place to simply be. Our indoor pool (33 °C) marks the beginning of relaxation, flowing seamlessly into the heated outdoor pool (34 °C). In the Sole Relax Pool (8x5 m, 36 °C, adults only) tranquility unfolds, while in the luxury infinity whirlpool (8x5 m, 36 °C, adults only) panorama and relaxation merge into a moment of silent happiness.

The plunge pool with crystal-clear alpine spring water (8x3 m, 14 °C, adults only) provides the perfect refreshment after the sauna.

Sun on your skin. Mountain air around you.

Inside, a calmness unfolds that touches deeply. A retreat where summer lies beyond the window – and settles gently within the heart.

Each space tells its own story – of peace, warmth and vastness. In the bio-soft herbal sauna, delicate scents unfold their soothing effect, while our 9 AT sauna masters create three daily infusion experiences in the panorama sauna.

The Kelo sauna, crystal aroma steam bath and salt steam bath envelop body and senses in regenerative depth – exclusively for guests from 16 years.

In the textile area, the bio-soft sauna and aroma steam bath also offer gentle, soothing warmth.

After these deeply relaxing wellness moments, the panoramic relaxation rooms with waterbeds, cozy alcoves and soft music offer a sanctuary of calm. The sunbathing lawns in the sauna garden and on the panoramic terrace invite you to let your gaze wander across the mountains and simply pause.

For light refreshment in between, our wellness bar offers fresh fruit, vegetable sticks, dried fruit, nuts, refreshing teas, spring water and juices – gently accompanying your relaxation.

And for those wishing to immerse even deeper into well-being and regain new energy, our twelve spa specialists are your perfect companions. Massages, treatments and rituals are individually tailored to your needs.

Fluffy bathrobes, AT slippers and your personal wellness bag are already waiting for you. A place that revitalizes body, mind and soul – beneath the summer sun, in harmony with nature.
