WINTER 2025/26

Winter whispers

When snow gently envelopes the Dolomites and the world is immersed in silent white, a special kind of magic comes alive at the Alpen Tesitin. Here, the clear mountain air merges with the comforting warmth of a house that redefines a sense of security.

Every moment tells its own story – from the first dance of light on glittering snowflakes to relaxing hours in our cosy hideaway. At the Alpen Tesitin you experience and sense winter – intense, exclusive, and with love for detail.

Winter magic

Wellness in the winter light.

When silence glitters and light touches softly, pure essence reveals itself. Curated by Magdalena, our spa manager and specialist in holistic well-being.

Relaxation? Your access via QR code. In the glow of the season. With you.

Warmth that lingers. Calm that touches.

There are places that feel like a deep breath. Where water gently embraces the body, warmth seeps beneath the skin, and calmness settles in effortlessly. At the Alpen Tesitin, wellness unfolds with far-reaching views – over the 180° panoramic horizon as well as on the inside, into your own experience.

The sun infinity pool (20 x 9 m & 32 °C) invites you to drift, to pause in pole position with wow effect and 180° dream views of the Dolomites. In the pleasantly warm indoor pool (33 °C), moments of weightlessness begin, seamlessly continuing in the year-round heated outdoor pool (34 °C) with Dolomites view. In the salt-water relax pool (8 x 5 m & 36 °C, from 16 years) even the water feels soft, while the plunge pool with crystal-clear mountain spring water (8 x 3 m & 14 °C, from 16 years) reinvigorates your circulation.

Outside, snowflakes dance to the rhythm of the wind

And inside, a profound and touching tranquillity unfolds. A retreat where winter is not only outside the window, but also finds calm within the heart.

In the panorama sauna, gentle scents awaken the senses while your gaze drifts across snow-covered peaks. Your breath grows calm, thoughts quieten. Glide through warm water, breathe deeply, let go – and feel lightness return.

Between moments of wellness, the panoramic relaxation rooms with water-beds, cosy alcoves and soft music offer space for stillness. The sunbathing lawns in the sauna garden, from 16 years, invite magical moments beneath the open sky. On the panoramic sun terrace, with swings and mountain views, indoors and outdoors blend together naturally. The wellness bar indulges you with fresh fruit, vegetable sticks with dip, dried fruit, nuts, fresh teas, spring water and juices – a gentle pleasure to accompany you.

Wrapped in soft fabrics, accompanied by quiet music and golden light, each moment becomes a silent source of strength. A place where the body simply lets go – and the soul finds new energy.

Every space has its own atmosphere: in the luxury infinity whirlpool (8 x 4 m & 36 °C, from 16 years) calm and view blend into a moment of pure relaxation. The gentle herbs in the bio-soft Swiss pine herbal sauna. The power of the daily three infusion rituals in the panorama sauna. The rustic charm of the Kelo sauna. The delicate steam of crystal aroma steam bath and salt steam bath – all located in the nude area,

exclusively for guests from 16 years. Infrared loungers provide lasting warmth, while daily changing infusion rituals and herbal peelings complete the sauna experience. In the textile area, the soft sauna and aroma steam bath offer gentle, soothing warmth.

And when touch becomes an art, our experienced spa team takes over – twelve specialists who respond to your needs with sensitivity, expertise, and time. Through massages, treatments, and rituals.

Fluffy bathrobes, AT slippers and your personal wellness bag are already waiting for you..

A place that not only relaxes, but sets something in motion – in stillness, in lightness, in depth.

Cuisine

Where gourmet
enjoyment goes
deeper.

True pleasure arises in silence – ensured by care, aroma, and a sensitivity to subtle nuance. Our cuisine is inspired by alpine origins, subtly reinterpreted and brought into the present with lightness and finesse. Delicate compositions, carefully selected ingredients, and a service with an intuitive sense for the moment transform the evening into an experience for all the senses.

An evening that lingers – as the flavour of treasured memories.

Crazy about cookies? We are too.

Caution, may contain traces of joy.

Culinary winter journey

The AT $\frac{3}{4}$ gourmet board.
Your treat for your tastebuds.

As the winter morning awakens, a day full of culinary delights begins at the Alpen Tesitin. From 7.15 to 11.00 am, our breakfast welcomes you with the aroma of freshly brewed coffee, warm bread from the organic baker and sweet creations from our in-house patisserie. Egg dishes, smoothies and honey from the beekeeper in Tesido complete the breakfast experience – also available in your room too, for an especially relaxed start to the day (surcharge applies).

At midday, the show kitchen comes to life. From 12.30 to 2.00 pm, refined dishes are freshly prepared with love and regional ingredients. Alternatively, enjoy our à-la-carte selection from 12.00 to 2.00 pm (surcharge applies).

And for those who prefer to indulge in between, from 12.30 to 4.30 pm the afternoon buffet offers fresh salads, fine antipasti and sweet temptations from our AT cake work-

shop: a culinary pause after a walk through the snowy winter landscape.

As day turns to evening, the gourmet finale begins. Between 6.45 and 8.45 pm, we serve 5 to 7 courses – artfully composed, optionally vegetarian or individually tailored on request. Those who prefer may also choose from our à la carte (no surcharge). And for those with a later appetite, our 24-hour menu offers refined dishes around the clock (surcharge applies).

To accompany your meal: exquisite wines from all over the world, curated by our sommeliers Max and Noel. 365 labels – and twice a week, exclusive wine tastings in the AT wine bunker, with Dolomites view and stories to remember (surcharge applies).

This is how a winter day tastes at the Alpen Tesitin – multifaceted, elegant, unforgettable.

Special Cocktail

A touch of AT Cinnamon
Choco Martini. A creation
from Manuel.

Our head bartender Manuel has captured winter into a glass – creamy, sensual, with delicate notes of coffee, cocoa and a seductive hint of cinnamon. The “AT Cinnamon Choco Martini” is his personal homage to cosy evenings, good conversations and the art of indulgence.

Scan and conjure winter into a glass –
to mix, to savour, to dream.

Winter feeling

Where winter turns quiet.

A place filled with harmony and warmth, where the flickering glow of the fireplace gently breaks the silence and wraps the room in a soothing atmosphere.

Here, tranquillity and pleasure blend into a deep sense of home.

Every moment holds the soft closeness of familiar things – from delicate aromas to the calming crackle of firewood.

A retreat where the soul finds rest and warmth unfolds in every fibre.

Winter highlights

rise. breathe. let go.

Winter at the Alpen Tesitin means: stepping outside, breathing deeply, hearing the silence – and creating moments that stay. Guided winter and snowshoe hikes with Axl, Anton, Zenzi and Daniel lead to hidden paths and sweeping panoramic views. For those craving more speed, the slopes of Plan de Corones or the Sesto Dolomites await – with perfectly groomed runs, snow parks, and breathtaking vistas.

Cross-country ski trails invite you to glide in rhythm, biathlon offers a chance to try something new, and ski touring enthusiasts will find their perfect playground. And sometimes, all it takes is sitting on a sled – and letting go. Ice skating in Prenninger Park, snowtubing in Valdaora or a tandem paragliding flight: winter here is full of variety. Quiet. Active. And filled with little adventures.

In a week full of activity, discover Val Pusteria (and beyond) in all its facets: six guided hikes or snowshoe tours, three shared ski days in the Dolomites' top ski resorts. Perfectly complemented by our complimentary AT ski shuttle to Plan de Corones – just a 14-minute ride, three times a day, there and back.

Twelve relaxation sessions per week restore energy to the body: morning gymnastics, wellness yoga, back relaxation, stretching, abs-legs-glutes and more – all with panoramic views, tranquillity and gentle guidance. Two spacious, light-filled rooms offer freedom for mindful movement: the 140m² fitness studio with Dolomites view and optional personal training (surcharge applies), as well as our 100m² movement and yoga room.

You can borrow hiking poles, snowshoes, Nordic walking poles, backpacks, hiking maps, water bottles, heart rate monitors, and more – free of charge and ready for your adventure-filled days. Be inspired in our Mountain Corner with hiking maps and tips, and get exclusive tour photos from our guide team via WeTransfer (USB stick available at extra charge).

Thanks to the Südtirol Guest Pass you can enjoy free access to numerous events and use public transport at no cost – convenient, sustainable, and flexible.

It's the perfect way to combine activity, nature, and well-being at the Alpen Tesitin – your winter full of energy and ease.
